

Intent

We want to learn to be confident,
independent and resilient. Show kindness,
understand emotions in ourselves and others.

To reach our true potential
and be ready for the next stage
of learning.

Our Curriculum

Implement

We will embrace each child's individuality,
we will support them when they face
challenges and celebrate their
achievements.

Impact

We will observe and assess development,
using this knowledge to plan next steps
in learning. Working together with
parents, carers and outside agencies, we
will do our utmost to ensure children
are ready for the next stage in learning
